WHAT IS NITE PAINTBALL?

Splat Attack's Nite Paintball adds a whole new layer of strategy and exhilaration to the paintball experience.

Games are played in the dark, with just enough artificial light for you to see your surroundings. Each player is equipped with our unique Nite Paintball Markers, which fire special- Glow-in-the-Dark paintballs that glow brightly as they travel through the air and when they strike an opponent.

Stealth plays a much bigger role when your visibility is limited - you can never be sure where your opponents are, but you will definitely see their paintballs flying through the air!

When you look out from your hiding spot and witness dozens of glowing paintballs whizzing through the darkness in your direction, you'll know what makes Nite Paintball such an unforgettable experience.

WHO CAN PLAY?

Splat Attack Paintball can be played by anyone over the age of 16 (under 18's will need parental consent).

Over the years, Echuca Paintball, Splat Attack has been visited by thousands of players, both male and female, from 16 year olds up to 70+.

Groups come to play for birthday parties, bucks and hens nights, corporate get-togethers and end-of-year break-ups, or just to have an action packed day with friends and family.
