## What is paintball?

Paintball is a “fun” and “Exciting” activity that can be played all... and in one word .. “AWESOME”

Games involve two teams starting at opposite ends of a field and competing against each other to achieve a variety of objectives. Players use air-powered paintball “markers” to fire small gelatin capsules, called “paintballs”, at the opposition. When a player is “marked” with a paintball, he/she is eliminated from that game. Games are monitored by paintball referees and all players must wear protective masks for safety. Games last between 5 and 15 minutes each.
